P R O F I L E

Front-end React Developer. Throughout the year I have been striving to develop as a specialist. Experience in creating, maintaining and improving web applications from scratch. During development, I have acquired strong analytical and troubleshooting skills. I believe that I am a good team player with a strong ability to learn and adapt new skills to your needs. I am full of energy and , skills and willingness to learn any other technologies. Mainly I use JavaScript, React, Redux. In my spare time I also improve my English, exercise and read books.
